

Synergy Wins Department of Labor Contract with the Office of the Chief Information Officer

Washington, D.C. - August 26, 2019

Synergy was awarded a contract to support the Engineering and Architectural tasks for the Office of the Chief Information Officer (OCIO) at the Department of Labor (DOL). Under this contract, Synergy will provide support to the Data Center Optimization Initiative (DCOI), development and migration of enterprise applications to private, commercial, and hybrid cloud, Systems Engineering, Enterprise Architecture, Solution Architecture, DevSecOps, Data Analytics, and Unified Communications. Synergy is looking forward to working with the OCIO to implement several key initiatives, including developing an enterprise-wide architectural framework, building an enterprise-wide content management solution, and creating an enhanced data lake to augment the Department's information collection, aggregation, and distribution mandates.

We are excited to be a part of the Department of Labor OCIO Engineering initiatives. DOL OCIO is a very forward-thinking organization, and we feel that our constant drive for innovation aligns very well with the strategic initiatives of the DOL OCIO.
