

One Partner. Infinite Potential.

Synergy Business Innovation & Solutions, Inc. (Synergy), your trusted Information Technology services partner.

Founded in 2005 • A small business • 95% Prime Contracts • 20 Superior Service Awards • Deep Engineering and system integration expertise • Synergy Innovation Lab to build technology driven solutions

Core Capabilities

Agile Transformation

We implement Waterfall to Agile transformation for enterprises. We use SAFe for the U.S. Coast Guard to transform their enterprise IT modernization activities for 90+ mission-critical applications.

Data Analytics & Visualization

We provide Data Analytics & Visualization for the U.S. Air Force & the U.S. Coast Guard. We are developing a multi-tenant data analytics platform for DOL using Open Source Software stack.

Digital Transformation

We modernize legacy applications, transform EDI Interfaces & promote interoperability. We have helped the U.S. Coast Guard, the U.S. Marine Corps & the U.S. Air Force in these areas.

Emerging Technologies

We enable adoption of emerging technologies, e.g. AI, ML, RPA by developing prototypes in Synergy Labs & Innovation Center (SLIC). We are performing multiple AI/ML/RPA projects for DOL OCIO.

Cloud Solutions

Synergy builds cloud solutions using Agile, CI/CD, & DevSecOps and helps our customers in migrating their infrastructure to cloud. We are working with DOL & U.S. Coast Guard in these areas.

User Experience

We transform end user experience using advanced UX & HCI design. We built a multi-platform mobile application for the U.S. Coast Guard & used Purebred to implement CAC-based authentication.

Cybersecurity Solutions

We use RMF to support Assessment & Authorization (A&A) activities. We have built automated STIG assessment and remediation capabilities for the U.S. Coast Guard.

Synergy Innovations

CELERFORM: We developed a dynamic Form Generation platform to build a contract writing application for AF/AQCI to create PDS-compliant contracts. It achieved ATO on AF Platform One.

Customer Quotes

“...Thanks again for all you have done for the USAF—this has helped us considerably and I’ll see that your CPARS is reflective accordingly.”
- AF AQCI Customer on Synergy using AF Platform One Certificate to Field (ATO) process to deploy the BCRT application on AF CloudOne in little over a month.

“I wanted to express my appreciation to the DCOI team members working on the recent data center migration. During today’s call, the customer complimented how well the project plan has progressed since we first met with them 2 weeks ago.”
- DOL Federal Lead on a complex Data Center migration effort.

“... the sheer amount of work all of you have put into this effort in the three months since the start has me excited about the next phase of the project. This is a herculean effort for sure... thanks for everyone’s hard work.”
- USCG Federal Cybersecurity Lead on our STIG assessment and remediation effort for 50+ applications.
